

## Bermuda Lacrosse Association

Lacrosse as we know it today in Bermuda started in 2002 when a group of Bermudians, Americans, and Canadian expats came together to play the first game at Bernard Park.

The group quickly spread the word that lacrosse was here to stay, and soon the group started to grow with former players and new students to the game coming out on weekends.

Bermuda's participation in the 2006 World Championships solidified its position as the number one lacrosse brand in the Atlantic. Echoing the games growth in the US, lacrosse has exploded on Bermuda with three new teams forming in the past two years: boys U19, girls U13, and women's open teams.

The BLA has established an annual international tournament on the island and is dedicated to growing the game.
